

Job Description

Job Title: Parent Educator, Life Skills, Diversion/Triple P

MCHC was created out of a need to address the high rate of low birth-weight babies and health disparities among low-income families in Chester County. Founded in 1991, MCHC continues to ensure that all women and their young children in the county have equitable access to quality, culturally competent health care. In 1995, with initial funding from the Robert Wood Johnson Foundation and multiple private foundations, MCHC began providing prenatal case management for pregnant and parenting women and their children. In 1997, with funding from the federal Healthy Start program, MCHC became one of 106 Healthy Start programs throughout the country. Today, **the Healthy Start Program** also has the Perinatal, periods of Risk (PPOR) and the Plan of Safe Care (POSC) projects. MCHC's **Family Benefits Program** designed to provide uninsured families with bilingual, bicultural assistance with accessing state subsidized health insurance programs and in 2010 was augmented to include enrollment in food benefits and today this program also provides services with the Family Navigator and Language Access Projects. In response to a gap in school readiness among low-income families with children entering kindergarten in southern Chester County, MCHC launched the **Family Center Program** in 2006 to support kindergarten readiness and parents' ability to support their child's early cognitive development. MCHC has a successful track record in improving health outcomes in the short and long-term among the most underserved populations, specifically low-income Latino and African American mothers and young children and has been cited in peer-reviewed scientific journals. The Family Center Program offers other different services including the Kindergarten Transition program, Fatherhood program, Life Skills, Diversion and Family Decision Group Making (FDGM) for families living in Chester County.

Summary:

Provide life skills home visiting, parenting education (individual and group), support, and referrals for community resources to parents of at-risks families with children (0-18 years) who are currently involved with the Chester County Department of Children, Youth and Families and/or Diversion/Triple P home visiting services to families who are in jeopardy of being involved with the Chester County Department of Children, Youth and Families.
